Background:

Homelessness Reduction Act 2017

CHAPTER 13

Explanatory Notes have been produced to assist in the understanding of this Act and are available separately

£6.00

- Narrow view
- Limited understanding
- Trigger: SAR deaths of homeless citizens
- Safeguarding principle:
- What is the person's lived experience? *What is it like to walk in in that person's shoes?*

Best Care
Healthy Communities

Opened the door to a wider perspective:

Time to stop and think!

Best Care
Healthy Communities

What does Homeless mean?

More than just the legislation:

- Available resources in our city?
- Equality, equity of service provision?

Homelessness Prevention Strategy

The roles & responsibilities of BCHC staff in supporting vulnerable people.

E-learning

By C.M.Knox

Best Care
Healthy Communities

The next phase:

Palliative Care and Homelessness – learning:

- Connect, learn and share with other staff working in health, social care and homelessness in **your local area**
- Create an ongoing supportive **community of practice**
- Explore the **complexity** of health issues affecting people experiencing homelessness
- Explore how the **palliative approach** can support people with multiple, complex needs
- **Practical tools**, training materials& videos to support person centred holistic care
